

Dubai Unifies Freezones with **One Passport**

A New Era of Business Mobility

Presented by MCA Gulf

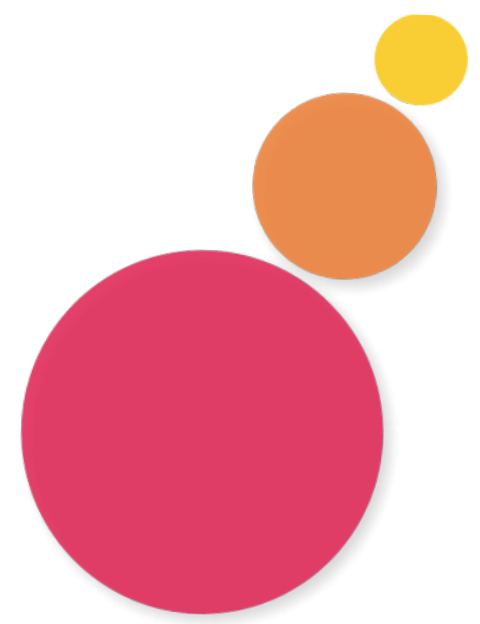

The **Big Change**

What's Happening?

Dubai Free Zones Council has introduced the **One Freezone Passport** – allowing businesses licensed in one free zone to operate in others **without additional trade licenses**.

Why It **Matters**

Key Benefits at a Glance

1

One License

Cut costs & reduce admin work.

2

Flexibility

Operate offices, warehouses, HQs
across multiple zones.

3

Prestige & Efficiency

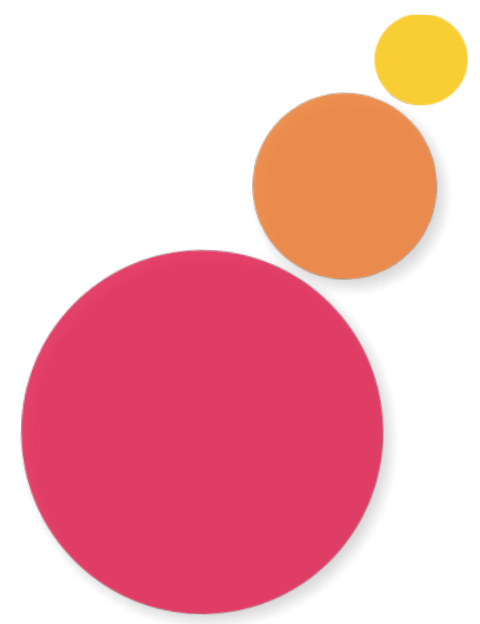

Combine location strengths
for growth.

4

Global Vote of Confidence

Louis Vuitton is the first company
to utilize this initiative.

What This Means for **Our Clients & Businesses**

- 

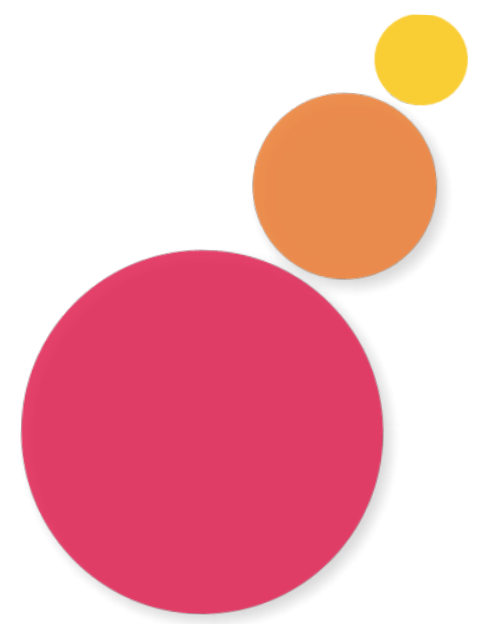

1 Unlock office, warehousing, R&D, and commercial services across zones with one license.
- 

2 Leverage Dubai's multi-zone offering—such as logistics strength in JAFZA and prestige at DWTC—under a unified operational model.
- 

3 Ideal for multinationals, SMEs, and startups seeking efficient operational agility and rapid scale-up.

As procedures and implementation frameworks for the One License are being finalized, we will continue to monitor updates closely and keep our clients informed on how best to leverage this opportunity.

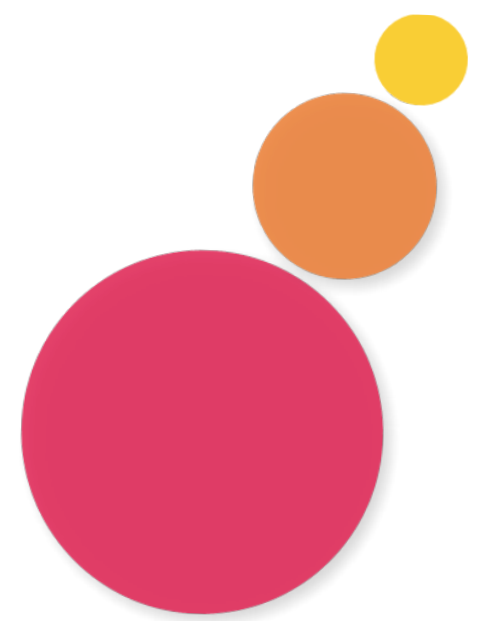

What's **Next?**

Still Evolving

Procedures & implementation are being finalized. Businesses should prepare to act early to secure prime locations and operational advantages.

MCA Insight

Your Strategic Advantage

For 15+ years, MCA has guided businesses through UAE's evolving market. We'll continue to monitor the One Freezone Passport rollout and help clients leverage it for **maximum agility & growth**.
