

FTA - EmaraTax Update Effective Date Now Required

The FTA has introduced a new requirement in the Taxable Person Details Amendment Application — and missing the 20 business days window could now cost you penalties.

The Rule

What the UAE Tax Procedures Law Already Requires

Business Days

to notify the FTA of any change to your tax record

Under the UAE Tax Procedures Law, taxable persons must inform the FTA of any changes to their tax record within 20 business days.

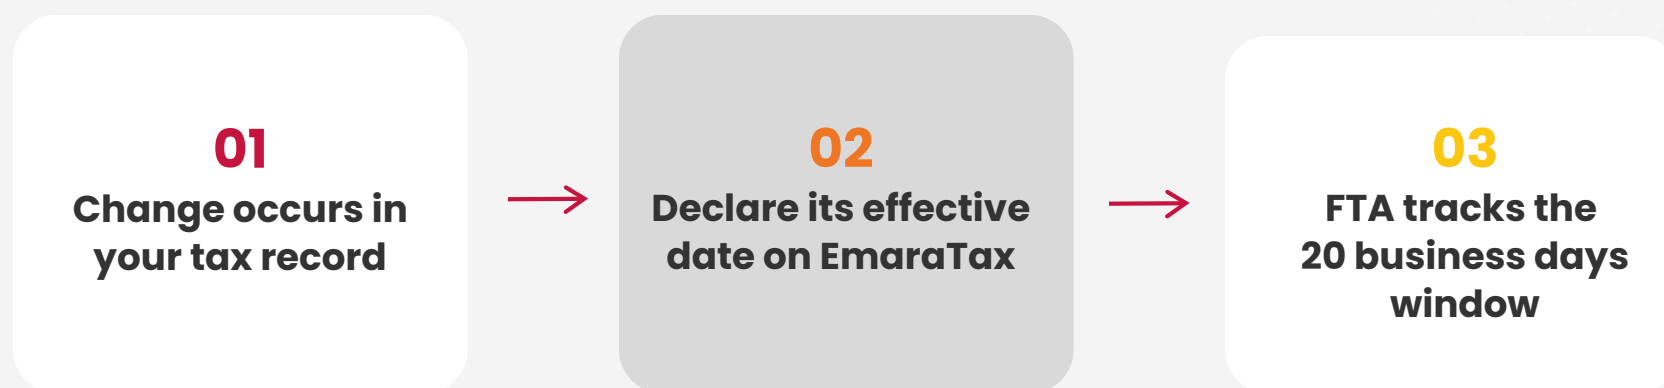

Failure to do so may result in administrative penalties.

What's New

FTA Introduces the “Effective Date of Change” Field

The Federal Tax Authority (‘FTA’) has recently introduced a new requirement in the **Taxable Person Details Amendment Application**. Registrants must now specify the **effective date of change** while filing a tax profile amendment application on the **EmaraTax portal**.

This reinforces the obligation to **promptly update tax records** whenever there is a change. If **20 business days** have passed from the effective date of change, there is a possibility that **the FTA may levy a penalty**.
